

# FingerPrint Batch Labels & Labellers

## Do your Batch Labellers jam? Is the print quality poor? Do your Batch Labels peel?

If you experience problems with poorly performing Batch Labellers and Labels then you are not alone - It's time to change.

FingerPrint has worked hard in partnership with our customers to identify a solution that eradicates the problems associated with label jamming, poor quality print output and ineffective label adhesion.

Our new range of tailor made Batch Labellers, piggyback and permanent Batch Labels are manufactured to the highest standard, offering reliability, easy loading and improved pack adhesion.

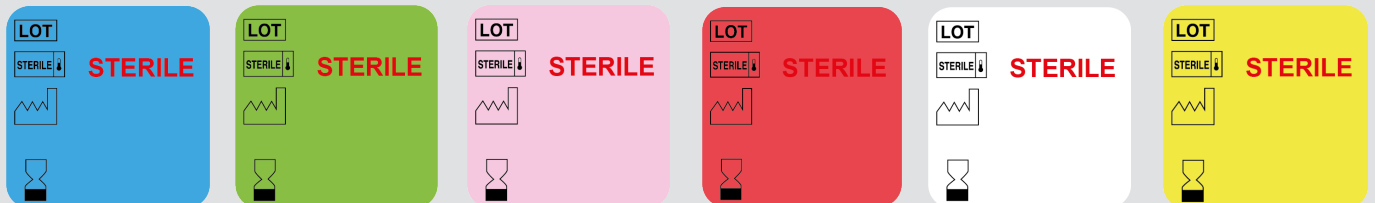

We are so confident with our solution that FingerPrint will honour a full money back guarantee within 30 days of purchase if you are not satisfied.

We would welcome the opportunity to quote you for the replacement of your existing Batch Labellers and Labels.

|                           |  |
